

Principal's Message continued

Our debaters will be debating this coming Wednesday. Mrs Eather has put in a great deal of time on a voluntary basis I would again like to acknowledge this.

I would ask all parents bringing students late to school to present to the office. We are legally required to record any late arrivals on the rolls. It is also important that parents come to the office first before collecting children to leave early. Students leaving early from school are also recorded as a part of our legal obligations.

If you are going to be away from school for more than 3 days please see Mrs Warden for an exemption form. This document legally allows children to be away from school for a specific purpose. If you are stopped and questioned during a sweep in relation to attendance, you can produce this letter to show that the absence is legal. It is also important that any absence from school be reported to the school with a reason. This can be done verbally or preferably in writing.

Reports will be distributed this term and we will be holding parent/teacher interviews on the last week of term.
