APRIL

Friday, 1 st	All Out April Fools Disco (for Nundle Public School Students only)
Monday 4 th	Seniors Day at Nundle Public
Friday 8 th	Last Day of Term One
Monday 25 th	ANZAC Day
Tuesday 26 th	Staff Development Day
Wednesday 27 th	First Day of Term Two – Students return

Relieving Principal's Report

This will be the last newsletter for Term 1, with next Friday 8th April being the last day of term. The Term 1 Parent Surveys were sent home on Tuesday. Please ask your child to collect another one if it has not come home. We really appreciate the feedback provided on these surveys, and ask that they are completed and returned as soon as possible.

This Thursday Mrs Price will be taking Year 4 and 5 students to Tamworth High School for a 'Taste of High School'. Year 3 and 6 students will remain at school with Mr Burnett. We welcome Mr Burnett, who is teaching the Year 5/6 class for 2 weeks whilst Mr Worley is on leave.

On Friday night the 'All Out April Fools Disco' will be hosted by the SRC. The sausage sizzle will begin at 6:00pm. Please bring children in to the school at 6:00 (no earlier please). Students will then go to the hall for the disco at 6:30 and will need to be picked up from there at 7:30pm.

Next Monday we will be hosting the Senior's Celebration here at school. Each class will perform an item. Please contact the office if you would like to come.

On Monday 25th April the ANZAC Day Service will be held in the Memorial Hall. All students are encouraged to attend this service in full winter uniform, including ties. Teachers will be at the hall to seat students.

Term 2 will begin with the staff development day on Tuesday 26th April. Students return to school on Wednesday 27th.

Our Easter Church Visit

We will be competing in the Coral Speaking at the Tamworth Eisteddfod again in Term 2. Students will be bringing their poems home to learn. Please talk to children about this.

The Great Nundle Dog Race is on the first Sunday of Term 2. The P&C Dog Race Committee is very busy organising this great social, and fundraising event, for our school. If you haven't already volunteered for a job on the day, please return the note or talk to someone on this committee.

Have a happy and safe holiday.

Newsletter Report – Week 10 Years 1/2

The last two weeks have been very busy with students producing some very creative pieces of writing using some literary techniques such as 'alliteration' and their imaginations to pretend that they were a baby bird about to hatch.

Mad Max marches madly on Mondays.

Jack the jumpy kangaroo jumps into a Jupiter tree.

Emily eats Easter eggs everyday!

Tenzen towed a Toyota to Tamworth.

Sienna storms through the streets on Saturdays and Sundays.

Alex the alligator likes eating apples.

Sam sits on stinky pippy shells.

Tommy, Talia, Tenzen and Tiffany all start with the letter T.

My Life in a Shell - by Gryffyd Trousdale

The warm yolk touches my colourless feathers.

My eyes closed slowly. I could hear funny noises.

Hey, I can see something! Is that light?

I can see a crack. I slowly come out and see a big bird. My life has begun. I am a hawk!

My Life in a Shell - by Riley Emerton

It is quite scary inside here and it is quite warm. I wonder what it is going to be like when I come out? I hope I can crawl around and have fun. I close my eyes and I wish that I had a motorbike, now that would be fun!

I also wish my egg was chocolate so I could eat my way out.

My Life in a Shell – by Bailey Little

Inside my egg I am a duckling. My name is Fuzzy because I have fluffy yellow feathers.

AWARDS – 16th March, 2016**STUDENT OF THE WEEK**

CHARLIE JONES for Leadership

**Kindergarten**

Phoenix Duncan – hard work with reading

Years 1/2

Tenzin Sherman – improved completion of work

Emily George – hard work in class

Years 3/4

Jade Krsulja – hard work in maths

Tyson Warraweena – effort in all areas

Years 5/6

Jayden Morrow – improved writing

Deegan Peterson – improved writing

AWARDS – 23RD March, 2016**STUDENT OF THE WEEK**

SEQUOIA STONE – for great attitude

Kindergarten

Years 1/2

Tommy Edelbroek – improvement and effort in spelling

Emily Borchard – progressing steadily in fast maths

Years 3/4

Ethan Ting – wonderful handwriting

Trevor Blackwell – working independently and on task

Years 5/6

Dylan Dunn writing

Jayden Morrow - maturity

Kindergarten Report Week 10

We enjoyed making Easter gifts to take home and really had fun with our class Easter egg hunt. Our Easter song 'Hot Cross Buns' is going well on the recorder. Julia, the music teacher, has been teaching us the notes B, A and G this term, and now we are putting them together to play the song.

In Mandarin we have been learning the numbers from 1-10. Ask us if we can count in Chinese. We were also learning about the Chinese gold miners in Nundle long ago. Kindergarten, Year 1 and Year 2 made some fabulous decorations for the 'Go for Gold Festival'.

5/6 Class Report

By Erica and Lindsey

This week in the 5/6 classroom we have had Mr Burnett. He will be teaching us for the rest of this term because Ms Boland and Mr Worley are on holidays.

In English we have been doing lots of worksheets on persuasive text and discussing why the English language is the most difficult language to learn. TTWYAGTTT is our introduction (Tell them what you are going to tell them). TT is our arguments (Tell them). TTWYHJTT is our conclusion (Tell them what you have just told them). We have also been researching where some words from the English language came from.

Throughout mathematics we have been looking at fractions and decimals. We have also been doing work from our new textbook Signpost. We were doing adding of fractions with the same denominator and rounding

decimals to two places. We have been given sheets on place value and learning about insignificant zeros.

In science we are studying fungus. That some types are functional and some we do not want in our society. We learnt that Alexander Fleming accidentally discovered the amazing penicillin and that two Australian scientists helped develop the drug we use today. Yoghurt, sour cream, blue cheese and yeast all contain bacteria. Also we learnt that our ears, nose and throat are all connected so if you have a sore throat you will get a runny nose. We also learnt that you do NOT want to get MRSI it is a deadly infection and many people are lucky to have survived it.

We all love having Mr Burnett as our casual classroom teacher and we all want to know how to do THE GREAT MATHISTO'S special trick!

In English we continue to read Blue Back and practice our visualising skills. We have been learning about coral reefs and why they are bleaching. We have been learning how to do cursive writing.... we call it nightmare on Jenkins Street.

Years 3 / 4 report

In Maths we have been working on fractions. We continue to work on our times tables.

For homework we are working on dioramas. We had to choose either a desert, rainforest or coral biome.

We have started to collate our information on our countries of the world.

Meat is very popular in Botswana. Quinn

South Africa has 3 capital cities Pretoria, Cape Town, and Bloemfontein. Jules

The capital city of Zimbabwe is Harar. Jade

Kenya lies on the equator. – Faith

The population of Zambia is 14 540 000 and its capital city is Lusaka. - Miley

25th April, 2016 Nundle Memorial Hall

11am Service and March to Shire Office

Children to meet at the hall by 10.45am

Full winter uniform including ties

THE GREAT NUNDLE DOG RACE

SUNDAY, 1st MAY, 2016

A fundraising event run by the
Nundle Public School P. & C. with all proceeds
going to the school

**GREAT DAY OUT FOR ALL
HUMANS AND CANINES**

Please contact the
Dog Race Coordinator,
Mrs. Kate Summers

KITCHEN TO GARDEN TO KITCHEN AGAIN

Some photos of the children who made homemade pasta and pesto sauce during their Kitchen to Gardento Kitchen Again sessions. It all went down a treat
